Made You Look contains practically all the work we ever designed, including the bad stuff. Published as a paperback in a red transparent slip case. Removing the book from the red tinted

transparent slip case causes the mood of the dog to worsen considerably; bending it over results in the title "Made You Look" (or in the other direction: dog food) showing up on the fore edge. Made You Look – Sagmeister Inc. Another self-indulgent design monograph (practically everything we have ever designed including the bad stuff) is Stefan Sagmeister's hand-scrawled subtitle for the

first book about his work, Made You Look. This, and the book's clear red case and silver-gilded pages, seem contrary to the raw, handwritten style he is known for, already setting us up for a wild and very personal Sagmeister: Made You Look by Stefan Sagmeister. Compelling, honest, and intensely personal, Made You Look covers 20 years of Sagmeister's graphic design. With a text by design historian Peter Hall

and annotated with Sagmeister's own writing, the book features images from the studio archive, as well as specific influences and reference points for his projects and ideas.
